

# ThinkPad® Yoga 11e

## Designed for Nonstop Learning Student Proof Design - Ruggedized & Liquid Spill Resistant

### Rich Windows 10 productivity and Lenovo® Durability combine for supercharged digital learning.

Meaningful innovation in education hinges on keeping the practical needs of teachers, students, and IT staff in mind. This is how Lenovo continues its track record as a leader in education-focused technology.

The ThinkPad® 11e series gives educators powerful instructional capabilities to engage students, including Windows 10 compatibility and powerful processing for complex assignments. Meanwhile, IT staff enjoys reduced maintenance due to student-ready durability and integrated device security.

The ThinkPad® Yoga 11e offers users four distinct modes:

**Laptop Mode:**  
Report writing

**Tent Mode:**  
Watching instructional videos

**Stand Mode:**  
Virtual collaboration

**Tablet Mode:**  
Reading assignments

### Innovative Mobility

The Lenovo® ThinkPad® 11e series combines the latest PC features and durability in both an ultraportable standard laptop and convertible 360-degree form factor.

Windows 10 connects students and teachers with an extensive array of learning apps while 10 hours of battery life fosters untethered learning freedom. Additionally, MIL-SPEC grade construction allows the ThinkPad® 11e series to withstand the stresses of student bumps and scrapes.

Perhaps most impressive, the thoughtful design of the ThinkPad 11e series ensures that IT spends less time dealing with security, repairs, and maintenance. This gives students and teachers the added bonus of uninterrupted learning in and out of the classroom.

For even more flexibility, an optional 360-degree hinge allows the ThinkPad® Yoga™ 11e to quickly transform to one of four distinct computing modes. Regardless of the task, students can enjoy technology that adapts to their needs.

The result of deep education expertise and world-class engineering, the ThinkPad® 11e series is a best-in-class solution for school districts everywhere.

### Key Features of The Thinkpad® 11e Series

- Powerful performance with up to Intel® Core™ i3 processors enables students to conquer assignments small and large.
- Easily manage user experiences and classroom applications with Windows 10.
- ThinkPad® Yoga 11e version offers intuitive handwriting and note-taking functionality with optional Active Pen.
- USB and HDMI ports easily connect to projectors and other peripherals, allowing educators to engage students with multiple teaching tools.

## Support Service

**Warranty Extensions** offer up to five years of depot or onsite coverage to minimize unplanned maintenance expenses.

**Onsite Warranty Upgrades** provide fast access to priority service, resulting in shorter downtime and maximized productivity.

**Accidental Damage Protection** supports users beyond normal system warranties by providing coverage for accidental damage due to liquid spills, unintentional drops or bumps, and electrical surges.

**Imaging Advanced Automation Process** preloads your custom images and configuration settings during manufacturing to ensure predictable quality and lower deployment costs.

**Asset Tagging and Laser Etching** provides the foundation for a strong asset management program that can improve tracking ability, reduce loss and theft, and uniquely identify any institution.

**Priority Technical Support** expedites problem resolution by providing advanced-level break-and-fix phone support.

**Lenovo's Three-Year Sealed Battery Warranty** extends the standard one-year base battery coverage by providing customers up to three years of comprehensive support on their products' sealed batteries. The low upfront cost delivers significant savings relative to non-covered battery replacements and saves the hassle and frustration of dealing with unplanned IT expenses.

**FST is a Lenovo Certified ASP** (Authorized Service Provider) delivering repair & technical support. Ask about our White Glove Custom Setup & Implementation Services and FST Extended Custom Warranty offering next day "always available" replacement services designed for minimal instructional downtime.

## Options

### Lenovo® 65W Travel AC Adapter

Stay charged all day with a slim and light design that fits easily in a backpack or carrying case.

### Lenovo® Performance Backpack

This lightweight case provides comfortable use and notebook protection for students on the go.

### ThinkPad® Optical Wireless Mouse

Reduces desktop clutter, easy slow-and-go flexibility, and up to 12 months of battery life.

**The Perfect Laptop for 1 to 1 Student Initiatives in Your District**
