

ThinkPad P50

INNOVATIVE CHOICES FOR COMPUTE-INTENSIVE WORKLOADS

ThinkPad P51

The ThinkPad P51 and ThinkPad P71 give organizations and institutions dependable new options for matching high-performance workstation demands with flexible, futureready solutions.

- The first systems equipped with the new Intel® Xeon® processor for mobile workstations.
- Featuring X-Rite PANTONE color calibration for the color accuracy essential to design applications.
- Dual-fan cooling system allowing the system to run cooler, quieter, and faster

ThinkPad P40 Yoga

The ThinkPad P40 Yoga is two products combined into one. Now you can get the sketching ability of a tablet and the processing and graphics power of a workstation.

- Features 6th generation Intel® Core™ i7 processor.
- Unique patented Lift 'n' Lock keyboard design protects the keys using an automatic rising frame.
- Using Wacom Active ES technology, the ThinkPad P40 Yoga senses a full 2,048 levels of pressure

THE RIGHT TOOL FOR ANY WORKLOAD

Whether it's data analysis or design, your most high-profile computing tasks need high-performance tools you can trust.

Our new Lenovo ThinkPad® P51 and ThinkPad P71 mobile workstations deliver the very best in performance and portability where and when your specialists need it most, in the office or in the field. The end result is towersized performance in a lightweight notebook built to work as hard as you do. If you're looking for even more flexibility, the ThinkPad P40 Yoga™ gives you a 360-degree hinge that drives four distinct computing modes.

With certifications from leading software providers, Lenovo's mobile workstations give organizations and institutions the best choice for supporting applications so critical to your mission and bottom line.

The ThinkPad P40 Yoga, P51, and P71 are certified to run the most requested ISV applications¹, including:

APPLICATION	PROGRAM
Structural/MEP Design	Revit Structure · Revit MEP · Bentley MicroStation AutoCAD · Entry-level Simulation AutoCAD Design Suite
Concept Design	ICEM · 3ds Max · Creo Concept · Alias · Teamcenter Vis
Product Design	CATIA · NX · Creo (ProE) · Inventor SolidWorks AVEVA Plant
Analysis & Simulation	MicroStation Simulation · ANSYS Mechanical Fluent Simulia · Nastran · HyperWorks
Systems Engineers	MicroStation Simulation · ANSYS Structural · Energy Simulation · Lighting Analysis · AutoDesk · CFD
Architectura Concepting	3ds Max · Revit Architecture · Bentley MicroStation AutoCAD Architecture

(1) ISV compatibility varies by product. Please contact your Lenovo representative for full list of certified application.

First in Service - First In Technology

Innovative Choices For Compute-Intensive Workloads

A POWERFUL PORTFOLIO

The ThinkPad P40 Yoga is the world's first multimode workstation, combining breakthrough performance with four powerful computing modes.

	THINKPAD P51	THINKPAD P71	THINKPAD P40 YOGA
Video	Latest graphics cards from NVIDIA for crisp, vibrant images on an optional touchscreen		
Durability	MIL-SPEC tested for maximum durability		
Energy Efficiency	ENERGY STAR 6.1, GreenGuard certified, RoHS compliant		
Storage	Maximum three storage devices	Maximum four storage devices	Maximum one storage devices
Battery Life	Four-cell battery for approx. 66 working hours ² or six-cell battery for 90 working hours ²	Eight-cell battery for approx. 66 working hours ²	Three-cell battery for approx. 66 working hours ²
Weight	Starting at 5.6 lb.	Starting at 7.6 lb.	Starting at 3.9 lb.

As technology becomes more and more essential to how you work and succeed, an updated workstation infrastructure ensures you can leverage every opportunity.

Lenovo's comprehensive products and services portfolio lets our customers invest in transformative technology solutions they can trust.
